

# CONCORD®

# AIR CONDITIONERS

## CHOOSE RELIABILITY AND EFFICIENCY. RIGHT NOW.

When you consider a Concord® system, quality and value are a given. You're getting peace of mind with great features and a smart design—and best of all, you get it right now.

### Efficiency ratings

A high-efficiency system helps lower your monthly utility bills.

### Superior coil protection

Technology used to protect against corrosive elements & extending the life of your air conditioner for years to come.

### Immediate savings

With a high-efficiency system, you may qualify for local utility & energy incentives as well as rebates.

## LYNX 18 4HP18V

QuickLink™ Inverter Technology uses intelligent algorithms to deliver a performance fit and fine-tuned temperature control with a wide range of existing indoor equipment.

The LYNX® 18 inverter heat pump is the perfect replacement upgrade for your HVAC system. With ratings of up to 18 SEER (17.1 SEER2) and 10 HSPF (8.5 HSPF2) and matches that go beyond, this variable speed heat pump offers incredibly quiet performance—less than half the sound you typically hear from a 13 SEER\* single-stage air conditioner—and delivers higher-efficiency cooling and heating all at an accessible price. Its five operating modes allow you to set your preferred balance of comfort and efficiency. Plus, when paired with your furnace as a dual-fuel system, you'll enjoy immediate relief, greater energy savings and enhanced performance in any season.

## 4AC17L

### Saving you more, month after month.

The 4AC17L delivers increased energy savings with efficiencies of up to 17 SEER (16.2 SEER2) when paired with a matched furnace or air handler. To help you get the most out of your HVAC system, your local dealer can recommend the right pairing for your home

WHATEVER YOUR NEEDS, A CONCORD® AIR CONDITIONER IS THE RIGHT CHOICE, RIGHT NOW.

# TAILORED TO YOUR CUSTOMER'S NEEDS

## GOOD

Up to 17 SEER

- **4AC17L model condenser:**
  - Heavy-duty, single-stage.
- **80G1UH model gas furnace:**
  - Constant torque furnace with high-efficiency blower drive.
- **BCE5C model electric air handler:**
  - Powerful single-stage motor.

## BETTER

Up to 17.5 SEER

- **4AC17L model condenser:**
  - Heavy-duty, single-stage.
- **96G2UH model gas furnace:**
  - Variable speed motor starts up slowly and quietly accelerates to keep temperatures controlled.
- **BCE5E model electric air handler:**
  - Constant-torque blower motor produces even temperatures.

## BEST

Up to 20 SEER

- **4HP18V model heat pump:**
  - Variable speed inverter technology with heavy-duty compressor sound blanket, and many other features.
- **Choice of constant torque or variable speed gas furnace.**
- **Choice of constant torque or variable speed electric air handler.**

\*Full 10-Year Warranty on parts and compressor when paired with Allied coil and registered through Allied Air
